**You Are – And Listen Carefully  
– You Are Already An  
Ascended Master!**

**From Study Group Paper: You Are – And Listen Carefully – You Are Already An Ascended Master!**

Beloved friends, be of good courage. When you have truly relinquished every attempt to make and control your world, fear will arise, rest assured. But it is just to show you where you've been living, and just beyond it is the Peace that you seek. And each time you choose Joy, no matter what, you, shall we say, pass an initiation would be one way to put it. You step to the next highest level and a strength begins to come into you, a strength that shall indeed become like a mighty river and the things of this world will not deter you from the path that would be set before you and that you would choose to walk.

Rest assured, when in your privacy you indeed go within, if you call upon me, I will come and abide with you and you will feel my countenance upon you. But I cannot give you the answers. It must be revealed within yourself for yourself. And from that will come indeed the rebirthing of a great strength that you have kept hidden from yourself out of an ancient sense of unworthiness, and that is the weight that is removed from you. Your time is upon you now.

Thank you for your courage. We know what you are going through internally. Time for some shifting, time for some healing, time for some growth. *Time for awakening!*

~ Jeshua
